DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Wayne Tang on 08/18/08.

In the claims:

Claim 1 (replace previous claim 1 with the following):

A gaming apparatus for conducting a wagering game on a gaming machine having a housing, the gaming apparatus comprising:

an electro-mechanical award display, the award display including a plurality of physical elements each located at a different location on the housing and movable relative to a panel of the housing between a viewable extended position toward a player and a viewable retracted position away from the player, the physical elements bearing a viewable game outcome, the physical elements being moveable between the extended and retracted positions along a path perpendicular to the panel, and each of the moving physical elements being stopped in either the extended position or the retracted position; and

wherein the location and position of each of the plurality of physical elements indicates an associated game outcome based on which of the physical elements are stopped in the extended position and which of the physical elements are stopped in the retracted position, the game outcome being viewable in both the extended and retracted positions regardless of whether the physical element is in the extended position or the retracted position.

Claim 9:

- line 3, delete "operative to" replace/add -- configured to --

Allowance

The following is an examiner's statement of reasons for allowance:

Claims 1, 3-14, 17-18, and 20-24 are allowed in the view of the examiner's amendment and applicant's amendments/arguments filed 04/15/2008.
